RE: Chapter Activities

Central Gulf Coast Chapter has educational activities every month. Meetings are preceded by an informal gathering at 5:30 and the meeting begins at 6:30. Attendance At each meeting varies, but the good new is new faces are joining our group.

This year we have had one successful seminar. Speakers and attendance made for a wonderful morning. Plans are being made for our fall seminar. Check the web for future information.

More, additional, extra, added, new, greater, much, many, all words we would like to use to describe our chapter. This year we are going to put our heads together and find a new and creative way to increase attendance and see the faces of the new medical assistants.

Our chapter goals are to continue education, member support and unity among its membership. We are all looking forward to another great year.
