RE: Annual Report

Date: March 4, 2011

The Everglades Chapter of Medical Assistants offer annual educational meetings, alternating locations between Collier and Lee Counties. We currently hold our workshops at Hodges University where we offer chapter updates and education. We encourage participation from students, educators and members.

Our leadership roles remain the same. The Everglades chapter continues to strive for optimal learning from our continuing education workshops. The chapter members met in February to discuss our chapter's future. We discussed dissolution or possible merger with Southwest Chapter. It was decided that we would make another attempt to reactivate the chapter. Over the next couple of months, energy will be spent on recruitment of new members and encouraging existing members to get involved.
