How to be a Successful Student

- *In every class, look for positive people to associate with.*
- *In every lecture, look for one more interesting idea.*
- *In every chapter, find one more concept important to you.*
- *With every friend, explain a new idea you've just learned.*
- *With every teacher, ask a question.*
- *With yourself, keep a list of your goals, positive thoughts and actions.*

Good Luck everyone and have fun!
